******* IMPORTANT NOTICE - FOOD CHAIN INFORMATION *******

As of 1ST JANUARY 2010 Food Chain Information (FCI) must be provided by livestock keepers for all cattle, sheep and goats sent for slaughter including livestock markets

You will no doubt have received notification of this and what information is needed in correspondence from the Food Standards Agency sent to all livestock farmers recently.

We will need this information here in the Market to pass on to our slaughterhouse buyers. We will need a new style Exeter Market Entry Form to accompany your stock to market as by filling in the animal details on the front, and signing the form, the declaration on the back will confirm that your animals are fit for human consumption. This applies to all stock on a Monday market & some of the stock on Friday markets as some animals from the store market may go to slaughter. If your animals are still under restriction for slaughter on Fridays i.e. withdrawal dates etc. then you will need to declare this and notify the person booking in your stock.

New AML1 forms for sheep and goat movements are available which have a section on the back for you to enter FCI.

If you require further information please contact the Auctioneers.

Our marketing organisation is able to provide you with personal service.

You are invited to telephone for further information.
